NEW Collection Terrazzo

A Venezia nel XVI secolo nasceva il pavimento alla veneziana, "cocciopesto", successivamente definito Terrazzo. Da allora questa lavorazione divenne un'arte e questomateriale fu subito sinonimo di raffinatezza e classe nell'arredamento.

In Venice, during the XVI century, the venetian "cocciopesto" floor was created, subsequently defined as Terrazzo. From that moment on, this production technique became an art form and this material became synonomous with class in home furnishing.
